

RESOLUTION NO. 2024-38
OF THE BOARD OF DIRECTORS OF THE
GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT
APPROVING THE OPERATING BUDGET FOR FISCAL YEAR 2024-2025

WHEREAS, the Board of Directors established a three-month budget review process to provide ample opportunities to receive input from the Finance Committee, and the public; and,

WHEREAS, on February 22, 2024, the draft FY 2024-2025 Operating Budget was presented to the Finance Committee and additional direction was provided; and,

WHEREAS, on March 7th, 2024 a draft of the proposed budget was then presented in a Regular Board Meeting; and,

WHEREAS, the Finance Committee continued its review of the Operating Budget at its March 28th meeting; and,

WHEREAS, during the Regular Board Meeting on April 4, 2024 staff received additional feedback from the Board of Directors; and,

WHEREAS, on June 4th the Finance Committee received the Operating Budget for review during a Joint Budget Workshop with the Board and provided a recommendation for adoption for referral to the Board of Directors; and,

WHEREAS, the Board of Directors has received the proposed FY 2024-2025 Operating Budget for final adoption at the regular Board meeting of June 6, 2024.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT THAT:

1. Revenue estimates and appropriations by fund and department are shown in "Exhibit A", a copy of which is attached and hereby made part of this Resolution is hereby adopted.
2. Any remaining capital fund projects and encumbrances will be rolled into the next fiscal year.
3. The Georgetown Divide Public Utility District appropriations limit for the 2024-25 Fiscal Year, as described in Article XIII B of the State Constitution and implemented by Chapter 1205, Statutes of 1980, is the sum of \$3,607,604 computed as follows:

$$\begin{array}{rcccl} \underline{\$3,472,857} & & \times 1.0388 & = & \underline{\$3,607,604} \\ \text{(2023-24 Appropriation Limit)} & & & & \text{(2024-25 Appropriation Limit)} \end{array}$$

4. The General Manager may authorize the transfer of appropriations within and between departments so long as total appropriations are not increased within a fund.

5. The Board of Directors has the overriding authority to control the use of revenues and the appropriations of funds and therefore may modify at any time. The total appropriations in any fund may not be increased except by the Board of Directors.
6. All changes in appropriations will be authorized on a budget adjustment form. Any increase in appropriations will be authorized by the Board.

BE IT FURTHER RESOLVED THAT THE FY 2024-2025 OPERATING BUDGET IS APPROVED.

PASSED AND ADOPTED by the Board of Directors of the Georgetown Divide Public Utility District at a meeting of said Board held on the 6th day of June 2024, by the following vote:

AYES: Saunders, Stovall, Thornbrough, Seaman, and MacDonald

NOES: None

ABSENT/ABSTAIN: None

Mitch MacDonald, President, Board of Directors
GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT

Attest:

Nicholas Schneider, Clerk, and Ex officio
Secretary, Board of Directors
GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT

CERTIFICATION

I hereby certify that the foregoing is a full, true, and correct copy of Resolution 2024-38 duly and regularly adopted by the Board of Directors of the Georgetown Divide Public Utility District, County of El Dorado, State of California, on this 6th day of June 2024.

Nicholas Schneider, Clerk, and Ex officio
Secretary, Board of Directors
GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT

June 6, 2024

Board of Directors, Finance Committee and Customers,

The Board established the process for reviewing and adopting the Fiscal Year (FY) 2024-25 Operating Budget. On February 22, 2024, the Finance Committee reviewed and provided feedback on the working draft of the budget. The Board reviewed the draft budget at the March 7, 2024, regular Board meeting and provided feedback and staff direction. The Board reviewed an updated proposed budget on April 4, 2024, and again provided staff with suggestions. An updated proposed budget was brought to the Board of Directors, with final adoption scheduled for the Board meeting of June 6, 2024.

The FY 2024-2025 budget review process took into consideration the following changes, planning tools, and improvements:

- Investment revenue has been increasing due to California CLASS activity as well as on-going utilization of long-term investment tools.
- A 5% increase in property taxes has been included in revenues.
- The District continues to surplus equipment which has exceeded its work life, and the proceeds have been used to update and replace existing assets.
- Increased utility costs have been affecting various department budgets.
- Increased labor cost has been taken into account for this fiscal year.

This budget includes a total estimated revenue of \$6,473,234 when including the supplemental charge. This compares to a projected total revenue of \$6,045,272 for the fiscal year 2023-2024. The District is still experiencing some overages due to the Mosquito Fire and the clean-up. This is less than last fiscal year but is still being taken into consideration.

An update to the Five-year Capital Improvement Plan (CIP) is adopted each year by the Board separately from the operating budget. The draft CIP is also presented to the ratepayers for review. The total cost of CIP projects proposed for FY 2024-25 is \$582,850. Some of the projects the District is looking to complete include coating the distribution tanks, lining canals, tunnel inspection and lining, ZONE upgrades, replace air release valves, and office infrastructure upgrades. The District is anticipating grant funding to complete some of the projects. At the moment, there are applications submitted seeking \$22,570,000 in grant funding for much-needed infrastructure to serve the community.

I appreciate the collaboration with my dedicated staff and input from the Finance Committee and Board. I look forward to the input provided by the ratepayers.

Sincerely,

A handwritten signature in black ink, appearing to read "Nick Schneider", with a long horizontal flourish extending to the right.

Nicholas Schneider, General Manager

GDPUD Overview

The Georgetown Divide Public Utility District (District) serves communities in western El Dorado County among the foothills of the Sierra Nevada Mountain Range, in the heart of the Mother Lode. The Georgetown Divide is located between the Middle and South Forks of the American River, nestled in the heart of the Sierra Nevada Foothills and Northern California's Gold Country. Access is through Highway 50 and Interstate 80, giving it proximity to either metropolitan cities or the recreational activities of Lake Tahoe. The cornerstone of the District's water supply system is the Stumpy Meadows Reservoir with a storage capacity of 21,206 acre-feet.

- Location — 72,000 acres (112.5 square miles) serving unincorporated areas of western El Dorado County.
- Services — Raw and treated water supplies, on-site wastewater disposal.
- Population of area served — With 3,800 connections we serve a population of approximately 10,000.
- Formation Date — June 11, 1946.
- Type of District (Act) — California Public Utility District Act.
- Source of Water — Pilot Creek and other tributary water rights.
- Amount of Water Served — Approximately 12,000 acre-feet per year.
- Predecessor Agencies — A series of private water companies dating back to 1852 and the El Dorado, Pilot, and Rock Creek Canal Companies. In 1872, The California Water Company purchased the Pilot Creek Ditch Company and changed names in 1890 to the Loon Lake Water and Power Company.

GDPUD History

The origins of District facilities can be directly traced back to 1852 and the El Dorado, Pilot, and Rock Creek Canal Companies, one of the first established water purveyors in the State of California; resulting from James Marshall's discovery of gold in nearby Coloma. Following the decline in gold production, agriculture, and lumbering became the staple industries on the Divide for many years.

The focus of the District water supply system is the Stumpy Meadows Reservoir, a 21,206-acre-foot impoundment on Pilot Creek, at the eastern edge of the District. Water from this source of supply traverses through approximately 75 miles of canals and pipelines to provide both raw water for customers and raw water supplies to the District's water treatment plants.

GDPUD Organizational Chart

The current organizational chart is depicted below, approved by the Board of Directors at the Regular Meeting of 8/8/2023.

Revenue Sources

District revenues are divided into three broad categories: Water Operating Revenue, Wastewater Operating Revenue, and Non-Operating Revenue.

A. Operating Revenue

Water Sales

Water Operating Revenue includes all revenue generated by the sale of water and associated penalties. The District sells both treated water and untreated water. The largest source of operating revenue is the sale of treated water. In FY 23-24, treated water sales are estimated to total \$3,000,734, which is approximately 85% of water operating revenues and approximately 51% of total revenue. Water sales are expected to increase in FY 24-25 due to the outcome of the cost-of-service analysis and expected rate increases. Residential water sales are projected to be substantially like the FY 23-24 estimates, with a projected total of \$3,000,000 representing 86% of water operating revenue and 54% of total revenue. For FY 24-25, the supplementary charge will continue to be separated for greater transparency and better tracking.

Untreated (irrigation) water sales are estimated to total approximately \$436,772 for FY 23-24, which is 12% of water operating revenues and 7% of total revenue. ***The FY 23-24 irrigation revenues are presenting higher due to the 2023 water season shift which totaled 5.5 months of revenue during that fiscal year.*** Since the population of the District has not grown, water sales are not increasing, and there are fewer irrigation customers. The projected revenue from irrigation water sales in FY 24-25 is anticipated at a total of \$380,000, representing 11% of water operating revenue and 6% of total revenue.

B. Non-Operating Revenue

Non-operating revenues include grant revenue, interest income, restricted benefit charges, hydroelectric payments, lease payments, and general property tax revenues. Non-operating revenues are projected to total \$2,330,000 in FY 23-24 and with a proposed revenue of \$2,787,500 for FY 24-25. Grant revenues for this upcoming budget year are anticipated at approximately \$3 million. This will be adjusted as staff receives notification from granting agencies. This grant revenue will be used to offset costs incurred within the Capital Improvement Plan budget.

Property Tax

The largest non-operating revenue source is property tax revenue. The District receives a portion of the ad valorem property tax from El Dorado County based on the assessed value of the properties within the District. The actual amount varies based on the tax rate that was established when each individual property was annexed into the District. On average, the District receives about \$0.12 per \$100 of assessed property value within the District. Property tax revenue for FY 23-24 is estimated to be \$1,928,807 which is 83% of non-operating revenues, and 32% of total revenue. It is anticipated that property tax revenue will increase for FY 24-25 to \$2,100,000.

Sacramento Municipal Utility District (SMUD)

The District receives payments each year from SMUD in accordance with the 2005 cooperation agreement between El Dorado Water and Power Authority and SMUD. That agreement was reached as a requirement of SMUD's relicensing of the Upper American River Project through the Federal Energy Regulatory Commission (FERC). The estimated payment to the District for FY 23-24 was \$133,294, which was roughly 6% of non-operating revenues, and 2% of total revenue. The FY 24-25 estimated payment is expected to be \$135,000.

Interest, Leases, Hydroelectric

Interest income is earned on all general, restricted, and designated funds. Interest income will be increased this year due to interest rates being much higher than in previous years. Additionally, the District has partnered with an investment advisor to maximize the amount of money the District can obtain.

The District has leases with several companies that pay to place their communications equipment on district facilities. Lease revenue is estimated to be \$80,000 for FY 23-24, which is roughly 3% of non-operating revenues and 1% of total revenue.

The District also receives hydroelectric royalty payments for the Buckeye and Tunnel Hill facilities. During FY 23-24, the hydroelectric royalty payments are estimated to be \$55,000, which is approximately 2% of non-operating revenues and less than 1% of total revenue.

The following charts summarize non-operating revenues.

Grant Revenue

The District has engaged in an attempt to receive grant funding to assist with its Capital Improvement Plan (CIP) projects. The District is currently pursuing grants from Cal FIRE, FEMA, State Appropriation, and Federal Appropriation. The District is hopeful it will be able to receive up to \$3-8 million in additional CIP funding through these grants.

C. Supplemental Charge

In 2015 the District conducted Proposition 218 proceedings and adopted a supplemental monthly charge in the amount of \$15.08 per month on treated water accounts. This amount will be reduced on year ten July 1, 2025. The Supplemental Charge is for the specific purpose of paying off a loan from the State Revolving Fund that is being used to finance the construction of a new water treatment plant to replace the aging plant located in Cool, CA. The District Board of Directors adopted a resolution stating that the Supplemental Charge *“will be held in a separate, restricted account, used solely for servicing SWRCB (State Water Resources Control Board) low-interest loan and reserve account.”* For this reason, the charge is listed separately in the budget and cannot be used to fund operating expenses. The Supplemental Charge was approved in September 2015 and first began appearing on customers’ bills in February 2017. For FY 23-24, the revenue is estimated to be \$653,000, which is roughly 11% of total revenue.

D. Wastewater Charges/Fees

Revenue collected and used for oversight of the Auburn Lake Trails On-Site Wastewater Zone is projected to total \$185,000 for FY 23-24, which is roughly 3% of the total revenues. This revenue is expected to increase 4% for FY 24-25 and the projected revenue is \$192,000. This restricted revenue represents homeowners’ bi-monthly fees collected separate from residential water costs for the State mandated oversight of wastewater activities in the Auburn Lake Trails subdivision. The amount also includes a minor amount for additional fees related to homeowner-requested activities. Wastewater operating revenues for FY 23-24 and the last five years are summarized below. Due to a District-led process to update these fees and charges by updating our Waste Discharge Requirements (WDR), these budget numbers could change within the next Fiscal Year.

(1) - Supplemental Charge revenue can only be used to fund State Revolving Fund Loan

(2) - Grants (fund 100)

(3) - Grants (Restricted to CIP projects fund 111)

(4) - All treated water sales previously included in Residential Sales, broken out by type of use (submitted quarterly to the Dept. of Water Resources)

Expenses

Operating

Operating expenses are divided into seven departments:

- 5100 – Source of Supply
- 5200 – Transmission & Distribution of Raw Water
- 5300 – Water Treatment
- 5400 – Transmission & Distribution of Treated Water
- 5600 – General Administration & Customer Service
- 6100 – Wastewater (Zone).

5100 – Source of Supply

Activities related to the maintenance and operation of the upper canal system from Stumpy Meadows Reservoir to Tunnel Hill. In addition to the physical maintenance of the reservoir and canal system, this also includes water rights monitoring and reporting, dam surveying and monitoring, and dam safety compliance.

6100 – Wastewater (Zone)

Activities related to overseeing wastewater collection and disposal. This includes compliance with State regulations including the waste discharge requirements adopted by the Water Quality Control Board.

Community Disposal System

The CDS refers to 137 properties connected to a community wastewater collection system and community leach field. These properties each have their own septic tank for removal and treatment of solids. Following individual property septic tank treatment, their wastewater is collected in sanitary sewer conveyance piping, then pumped by a central pump station to a community leach field for subsurface disposal.

Non-Community Disposal System

Non-CDS refers to approximately 1,019 properties that utilize individual property wastewater disposal systems. These properties each have their own individual septic tank and on-site disposal of wastewater.

Consolidated Expenses

In some departments, the amounts appear much higher than in previous years. On the consolidated expense sheet, the bottom line is only a 10% difference from the FY 23-24 budget. This is in part due to increased expenses related to inflation. This also represents a more accurate budget given my familiarity with the accounts. This year the accounts added are Accounting and Recruitment in 5600.

NON-OPERATING EXPENSES										
SWRCB loan pymt (Fund 112)	\$ 15,770	\$ 106,728	\$ 555,899	\$ 587,357	\$ 587,357	\$ 587,357		\$ 587,357	\$587,357	
GASB 68 pension expense (50402) (1)	\$ -	\$ -	\$ -	\$ -	\$ 1,925,358	\$ 1,834,498				
GASB 75 OPEB Liability (2)	\$ -	\$ -	\$ -	\$ 1,440,554	\$ 1,594,921	\$ 1,334,027				

(1) GASB 68 requires that pension expense be reported using a new method that presents service (normal) cost and other basic expenses (for example the cost of administering the pension plan), as well as amounts recognized each year for deferred inflows of resources (which reduce the pension expense) and deferred outflows of resources (which increase the pension expense).

(2) Government Accounting Standards Board Statement No. 75 (GASB 75) is an accounting and financial reporting requirement for employers to measure and report the cost and liabilities associated with other postemployment benefits (OPEB), which do not include pensions. This statement replaces GASB 45.

Capital Improvement Projects

The five-year capital improvement plan (CIP) is adopted each year by the Board separately from the budget. The expenditures in the CIP for the current fiscal year are incorporated into this budget and shown as expenses within the Fund Summary. The second table are potential grant funded projects.

Proposition 4: El Dorado County Appropriation limits

In November 1979, the voters of the State of California approved Proposition 4, commonly known as the (Paul) Gann Initiative. The Proposition limits the amount of tax revenue that can be spent by all entities of government. The District is a local government and, therefore, must comply with the Proposition. The Proposition became effective for the 1980-81 Fiscal Year. Since that time, the District has annually been setting a public hearing to establish its appropriation limit, which is derived from information received from the State Department of Finance during May.

May 2, 2024

To: All Special Districts
From: Andreja Saich, Principal Financial Analyst
Subject : 2024-2025 Proposition 4 - Appropriations Limitation

Your district needs to calculate and adopt the new tax spending limit for FY 2024-25 in accordance with the provisions of the spending limitation legislation implementing Proposition 4 (the 1979 Gann Spending Limit Initiative). Government Code Section 7910 requires that: “. . . the governing body of each local jurisdiction to establish appropriation limits by resolution for the following fiscal year at a regular or special meeting.”

The district’s new limit for the 2024-2025 year will be calculated on the basis of the prior year’s limit increased by a growth factor. The growth factor results from combining the change in Per Capita Personal Income and the change in population for your district (as certified by the State’s Department of Finance) or the change reported for “unincorporated areas” for our County.

The change in the “cost of living” factor (Per Capita Personal Income) has been reported to be 3.62% and reported change in population in the County’s unincorporated areas to be an increase of .25%. Therefore, the ratio of change to be applied to last year’s limit is:

$$1.0362 (X) 1.0025 = 1.0388$$

Attached is a sample format for the required “NOTICE OF PUBLIC HEARING” and a sample resolution (which includes the calculation formula).

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE BOARD OF DIRECTORS OF THE GEORGETOWN DIVIDE PUBLIC UTILITY DISTRICT THAT the appropriations Limit for Fiscal Year 2024-2025 as described in Article XIII B of the State Constitution and implemented by Chapter 1205, Statutes of 1980 is the sum of computed as follows,

$$\underline{\$ 3,472,857.28 (x) 1.0388 = \$ 3,607,604.14}$$

(2022-24 Approp. Limit) (2024-25 Approp. Limit)
